

A mockup of a mobile application interface for user authentication. The screen is a vertical rectangle with rounded corners and a double-line border. At the top, the text "App Name" is centered. Below it, there is a horizontal line. Under the line, the text "Username" is centered. Below "Username", there is another horizontal line. Under this line, the text "Password" is centered. Below "Password", there are two rectangular buttons side-by-side: "Log in" on the left and "Register" on the right. Below these two buttons, there is a single rectangular button labeled "Forgot Password".
